

LINE TRACING

This worksheet is designed for line tracing practice. It features six rows of dashed wavy lines, each starting with a downward-pointing arrow. To the right of each row is a cluster of animal icons: the first row has six bear faces, the second has six monkey faces, the third has six pig faces, the fourth has nine penguin faces, the fifth has nine frog faces, and the sixth has six bear faces. The entire page is enclosed in a decorative black border with circular corners.
